

THE
15TH
ANNUAL

AFRICAN PEERING &
INTERCONNECTION FORUM

Addressing Africa's Unique Interconnection
Challenges & Opportunities

18-20 AUG. 2026 - KIGALI, RWANDA

KIGALI MARRIOTT HOTEL

ORGANISER

LOCAL HOST

In August 2026, the **African IXP Association (AFIX)** will hold the **15th Annual African Peering & Interconnection Forum** at the **Kigali Marriott Hotel** in **Kigali, Rwanda** in partnership with the **Rwanda Internet Community and Technology Alliance (RICTA)**.

The African Peering & Interconnection Forum (AfPIF) is an annual Internet industry conference that seeks to address Africa's unique challenges and opportunities:

- Non-profit community event launched in 2010 to promote regional Internet ecosystem development and autonomy.
- Hosted in 13 cities: Nairobi, Lagos, Johannesburg, Kinshasa, Kigali, Abidjan, Accra, Dar es Salaam, Dakar, Casablanca, Cape Town, Maputo, and Mauritius.
- Attracts 300-500 attendees from the local, regional, and global Internet industry for three days.
- Attendees represent data center, content, interconnection, transit, transport, access, fibre, hardware, research, and policy.
- Promotes market awareness with informative and contextually relevant presentations from industry and community leaders.
- Facilitates interaction through social events, bilateral meetings, and an online platform.
- Builds capacity via fellowships and workshops in collaboration with partners and sponsors.

Sponsorship Contact:

AfPIF Gala Dinner can provide significant visibility and engagement with our audience. Please contact us to explore the options:
